

Y1-6 INTERNATIONAL MATHS DAY & MATHS THEME MUFTI

On **Friday 13th October**, Years 1 to 6 will be having a Maths Day! The aim is to raise the profile of maths by having a day of fun activities, challenges and games.

To enhance the day further, we will also have a “Maths Theme Mufti Day”.

Some ideas for the children:

Hats/hairbands with numbers - Decorate t-shirt/pillowcase with sums - attach cards to clothes - wear strings of beads - become a ‘Maths Professor’ cardboard cut-out of calculator - dice (stick on dots) - come as a fraction – pizza slice/cake - be a game of noughts & crosses - odds & evens – wear odd socks, gloves, shoes, wear football or sports kit with a number on it
